And hereby agrees to become responsible for, and to make prompt payment of water and/or sewer bills, and all charges and fees connected therewith, up to the time of cancellation of this contract is demanded and a record thereof made in the Municipal Office of the Village of Pleasantville.

It is agreed that tampering with the water meter or its seals and the outside reader or its wires shall constitute cause for their removal, disconnection of service and possible legal action. The customer further agrees to permit any authorized person(s), upon order of the Village of Pleasantville to enter upon the above-described premises at any time to read or inspect the meter or to make any repairs deemed necessary.

The bill is payable in person at the Municipal Office located at 207 W. Columbus St., at the drop box located at 101 S. Main St., or by mailing to:

The deposit for water and/or sewer services is \$75.00 per service. Bills are sent out the first week of every month and are due by the 15th of that month. If payment is not made by the 15th, a 10% penalty will be assessed to the bill. If payment is not made by the Tuesday after the second Monday of the following month, then a notice will be put on the customer's door advising them that they are scheduled for shut off by the 16th of the month (if the 16th falls on a holiday, Friday or weekend then shut off will be on the following business day after the 16th.) To restore service after shut off, a \$50.00 reconnect fee will be assessed to the account and must be paid in addition to both the current and past due amounts on the account. If a deposit is no longer on file for the past due account, a new deposit will be required before service is restored. Service will be restored only during Municipal Office hours: Weekdays - Noon to 4:00 p.m.

If you move, it is your responsibility to advise the Village of Pleasantville of the date you expect to move out of the property so that a final meter reading can be performed and the services disconnected. Water & sewer deposits will be applied to the past due balances, whether they are water or sewer balances, prior to refunding any portion remaining.
